Membership Survey Results – Zones 33-34

This survey was not sanctioned by Rotary International. It is the sole responsibility of Regional Rotary International Membership Coordinators Bevin Wall (Zone 33) and Jim Henry (Zone 34).

Introduction

The survey's opening paragraph stated:

The purpose of this survey is to get individual Rotarians' opinions on two major items: Why they are a Rotary club member and why membership in a local Rotary club is more meaningful than membership in other local civic clubs or service organizations.

The survey had other purposes. We will expose them later.

Membership

The purpose of the questions about which type member would each respondent like to attract to and join their Rotary club was to:

- ② *Remind respondents of the type person qualified to be a member of a Rotary club as described in the constitutional documents.*
- ② *Encourage Rotarians to think critically about whether or not the type member they would like to invite and join their club would actually be interested in joining their club.*
- ② *If their invitee did join, did the Rotarians believe the invitee would find it worthwhile after three or more years to remain a member of their Rotary club?*

Questions asking for comments

In membership presentations around Zones 33 & 34, we have found that most Rotarians do not like to claim any sort of self-interest practices, such as joining to meet new friends (*networking, building friendships*) or to represent their businesses. However, in ensuing conversations, they usually revealed that these were influential considerations. Our hope was that by asking for essay responses, we would gather information similar to what is gathered in general conversation.

We thank those who expressed their thoughts and opinions in the survey's 21,912 comments. They are wonderful sources of information that should help any clubs serious about wanting to improve their effectiveness.

Object of Rotary

We put the Object of Rotary question last because we:

- ② *Were aware that many Rotarians do not know that the sole purpose of a Rotary club is to advance the Object of Rotary.*
- ② *Did not want the reason why respondents have remained in Rotary or their comments to be influenced because they had just read, or learned, the Object of Rotary.*
- ② *Wanted to determine if respondents were advancing the Object of Rotary without realizing it.*

This survey was not sanctioned by Rotary International. It is the sole responsibility of Regional Rotary International Membership Coordinators Bevin Wall (Zone 33) and Jim Henry (Zone 34).

It is necessary to examine both the *charts* and *comments* to come to reasonable conclusions. With this much information, there will no doubt be disagreement, which will be healthy if it stimulates conversation, thoughts, and action that will result in more effective clubs.

The Obvious

The responses overwhelmingly indicate several key fundamentals that clubs can use to become more effective. Rotarians believe that the main incentives for a potential member to join a local Rotary club are:

- ② to have the opportunity to build relationships (*network*) with local business, professional, and community leaders,
- ② to promote ethics in business,
- ② to represent their businesses and professions, and
- ② to serve their local community.

The survey indicates that Rotarians remain in their clubs because the club gives them the opportunity to:

- ② Serve their local community and beyond, and
- ② Maintain relationships with other like-minded people (*many specified local business, professional, and community leaders.*)

The Not So Obvious

Another survey purpose was to determine if local Rotarians considered their club different from other civic clubs or service organizations. Many said that their club was different and gave reasons why. Most differences involved its membership consisting of business, professional, and community leaders performing community service. The cliché '*movers and shakers*' frequently appeared, indicating that this is the desired club membership profile.

Another survey purpose was to determine if the respondents considered their club unique and if they felt it was a privilege to be a club member. Approximately 20% said no or not really. Others expressed many reasons, many of which revolved around the select nature of club membership and the desire to serve locally and internationally.

The Downright Sneaky

There was a two-fold purpose of the questions regarding how a Rotary club distinguishes itself from other civic clubs and service organizations and whether or not being a member of a Rotary club is a privilege. The responses are intended to (1) help determine the future vision of local Rotary clubs and (2) determine whether or not Rotary clubs have identities or distinctive positions.

To sustain long-term, a club must satisfy its existing members' needs and attract new members. Clubs cannot exist long term by emphasizing attributes that can be mimicked by others or by doing nothing to serve members' emotional needs. The simple truth is

that if a Rotary club does not adhere to a distinctive position, long-term survival will be difficult, if not impossible. The survey results tell us that many Rotary clubs do not have a distinctive position, identity, or, as known in commercial circles, a brand.

Many comments indicate that just being a Rotary club is sufficient identity, suggesting that Rotary is the brand. The Rotary wheel is a recognizable symbol, but what does it symbolize? Service is a common thought, but, in North America, service alone is not a unique or distinctive position. Hundreds, perhaps thousands, of organizations perform local and/or international service – many mimicking Rotary attributes and/or continuing services that Rotary clubs initiated or sponsored.

For a Rotary club to succeed over the long haul, it must have a unique identity in its sphere of influence. It is our hope that the survey results will help clubs discover and define their uniqueness, identify and attract the members they wish to attract, and to become more effective in advancing the Object of Rotary.

Suggested Areas of Exploration

As a reader or researcher studies the survey results, here are some suggested areas of exploration:

1. Should Rotary clubs be different from other civic clubs or service organizations?
2. Should Rotary clubs consider membership to be a privilege?
3. Should Rotarians consider being a club member a privilege?
4. What effect does yes or no to either question have on clubs attracting and/or retaining members?
5. What effect does yes or no to either question have on clubs advancing the Object of Rotary?
6. How should a Rotary club distinguish itself from other civic clubs or service organizations?
7. What long-term changes should clubs make to become more effective at advancing the Object of Rotary?
8. How do we influence clubs to make appropriate changes?
9. What is unique about a Rotary club?
10. What is special about being a Rotary club member?
11. Is there a particular value in being a member of a Rotary club?
12. Should Rotary Clubs put more emphasis on advancing the Object of Rotary?

And we are confident that there are many more.

Zone 33-34 2009-10 Membership Survey

1. Default Section

The purpose of this survey is to get individual Rotarians opinions on two major items: Why they are a Rotary club member and why membership in a local Rotary club is more meaningful than membership in other local civic clubs or service organizations.

The first two questions are important because they allow the responses to be sorted by either or both categories.

Most of the nine questions require an answer (marked with an *) or you cannot proceed to the next question. Where typewritten answers are requested, do not worry about spelling or grammar. We will figure out what you mean.

Now that I'm retired from the non profit, serving the community is still one of my most important goals, and I have more time to do so. Rotary continues former business relationships. I believe Rotary is the single most effective organization that benefits our county because members tend to be the "doers." Making new friends and keeping old friends is the glue which allows us to best serve our community. This is why I placed friendship first and service second. He/She serves best who maintains close ties with people in Rotary. If you don't play well with others, you will be unable to lead or to pull together in a yoke. Friends in Service=Rotary	Jan 4, 2010 9:19 PM

312	DG Leon made a telling point when he told the Perdido club that Rotary was perceived as being a group of old white men. Through our service projects we are molding these young people to become a better citizen. I started this in district 6930 in the year 2000 with a group of 3rd graders and it has grown to include 4th and 5th grade at our elementary school. The original group will be graduating from high school this year and many of them have told me that their experience with RotaKids has helped them. 414	Though I expected more community involvement, other than selling beer, cutting pies for the elderly and lasagna to the homeless, probably the real reason I'm still a Rotarian is because I haven't checked out other clubs. If they do monthly community projects - there's a good chance I'd leave. And if this question was worded differently - like What's important to me to stay a Rotarian? - then my answers would be in a different sequence.	Jan 6, 2010 3:45 AM

426	Politics has become a significant factor in Rotary and is driving decision making by too many of those that aggressively seek to be in leadership positions. Thus, many of our leaders have big egos to feed and are not in leadership positions to serve, but instead to claim credit for the service rendered by themselves and others. They are too focused on pushing their agenda and seem to have weak skills in getting membership buy-in and little cognizance of the various interests of others. Repeatedly, I have observed that club's that establish a good or high level of fun and fellowship are the clubs that accomplish good/high levels of service to others. This issue must be solved at the club level to significantly address our membership issue.	Jan 6, 2010 3:28 PM

589	I originally decided to join Rotary because the "What is Rotary" brochure said that it is a nonpolitical and nonreligious humanitarian organization. However, due to the overt religiosity of my club, as well as the refusal of said club's leadership to apply the 4-Way Test and consider the objections of its nonreligious members, I am seriously considering resigning my membership in Rotary. The outstanding prospective members who I have invited to attend our meetings were also upset by the coercively religious nature of our meetings and have refused to consider membership until the hypocrisy ends. 67	Well, we are the best Club in town! We were Rotary Club of the year last year and swept the awards. I'm looking for people who will pitch in and do the work. I dislike the image of Rotary among some of being a group of stoggy old white men. Well, we may be older than average but we are certainly NOT stoggy, nor all white nor all men. Given the demographics of our community, I'd like to push for more ethnic and gender diversity than we already have. However, our freshman class of members was predominatly male and white, but they're all throughbreds. If I can get more stars like this group, I won't care about the package. I want people who take seriously the motto of "service above self" and have fun doing it.	Dec 24, 2009 6:22 PM

87	It's a social/fun way to make a positive difference in the world. You're not just mailing a check to some charity. You get both fellowship and a good sense of giving back. Plus, there is a business element as well, although I've found that people don't suddenly beat down your door to do business with you just because you're in their rotary club (which is almost certainly why people leave....they get in, figure out that the impact to their bottom line is minimal, then bolt.....the truth is that some of this attrition could easily be viewed as addition by subtraction anyway....if you're just in it for the fried chicken and the marketing opportunities, you're really missing the point of rotary)	Dec 26, 2009 12:59 PM

809	Anyone would benefit from joining Brandon 86' because our club is extremely social and highly involved in the community. Within months of joining the club, I felt my feelings towards the community change. A new member who really understands rotary and the four way test will start living their life by it and becoming a better person. Since joining the club myself I have started a canned food drive for ECHO and also a clothing drive which ended up in total donations thus far over the last 3 months of 28 boxes of canned goods, 6 publix bags of groceries, 21 dollars cash, and probably about 6 trash bags of clothes :) I feel that by joining such a strong club with outspoken welcoming members led by an awesome president Becky Jordan, anyone joining would soon realize their potential and effect they could have on the community locally and globally just by donating a little time and energy to a worthwhile cause! People who are business leaders are interesting and they makes things happen in our community. If we are all Rotarians we have a better chance of seeing and knowing opportunities for Service to Others. But you have to make an effort to be a good member. So many today are "too busy" to make a commitment, my own son who has been a Paul Harris Fellow since he was 18. Also he wants to do one project a year and not multiple as we do in our Club. He is also not fired up about feeling pressure if he misses a meeting. There is unity of purpose and strength in being of one mind set when it comes to service to other less fortunate. 2110	They have the opportunity to rise quickly as a Club leader and have input on projects they feel will benefit the community	Jan 4, 2010 9:58 PM
2111	It is the oldest club in Tallahassee. This is both good and bad from a young professional stand point. Many are retired, sick, ailing so I am not able to meet all of the members who can introduce me to various Tallahassee circles. With all of this age comes wisdom which is good to be around, but can be frustrating because it's tough to state your opinion when your debating against a 30 year Rotarian who just happens to be a retired 3 star general or former State Representative. You basically learn to know your place which is not very conducive to a healthy organically growing environment.	Jan 4, 2010 9:59 PM

3212	I very much enjoy the wisdom and the friendship of our retired Rotary members and I feel like the wide range of ages is good, however, I would like to see more professional members ages 30 - 50 who are more open minded and aggressive towards getting things done for the community. I feel like one of the best reasons to join our group is the diversity in age, gender, race, political and cultural backgrounds. I would never recommend someone to join for the food or the programs. Some of the programs have been truly extraordinary but others have been very disappointing. I would like to see more consistency in the quality of the programming and I would like to see healthier food options. I know we all grew up eating the typical foods that are served and they are often quite good (comforting) but I think it may be a good idea to add some healthier options to attract the sophisticated younger professionals of today who typically are more health conscious. 3761	Our club is 83 years old, which is old for Florida and we started when the city started. There is a rich history that a new member is buying into. there are strong relationships that Rotarians have in the whole community, and a new member is joining the club and becoming a part of the old school of the community. We are also working to empower the new members to find a new or better way to do a project, which includes being a chair, or a participant. Some do extremely well, and some fall by the way side. at least 1/2 of the new members do not make it past 5 years in the club for a variety of reasons. 4676	When I became a Rotary member in 1991, I was the first woman to become a member of our club. It was such an honor! At that time, Rotary was reserved for the "leaders" in their professions. I had known about and respected Rotary since I was young when Rotary worked with my Girl Scout troop to bring entertainment such as opera and stage plays to the Charlotte, N. C. area. My troop would usher for the performances and before each performance, a Rotary representative would speak about the many wonderful things Rotary was doing. I married, raised two wonderful children and bought my own business. I worked hard and when I was asked to go to a Rotary meeting, I jumped at the chance, soon to become a member and later the first woman to be President of our club. Since that time, I feel there has been a tremendous shift in Rotary. The first being that there is no real recognition of the things Rotary stands for within the community and secondly, the struggle for new members has significantly reduced the qualifications for membership. Many potential members see Rotary as a source for new business with little or no understanding about the concept of service. I am deeply concerned about the future of Rotary, as I know it. 167	Enjoy the weekly get together with their fellow community residents and business people. I look forward to seeing my "friends" each week and saying hello and sharing our thoughts. I have enjoyed Rotary for over 20 years and hope to remain a member for many more. The greatest thrill I had a few weeks ago was to have my 17 year old granddaughter attend as an Interact Student from Valwood School. She has helped tutor children from less fortunate circumstances and it has opened her eyes to another part of the world even though it is right here in Valdosta. I have this emense pride in the fact that my granddaughter is following in my steps. My daughter told me that Heather has also shared her experiences with her younger sisters and they are learning about people that are without the ability to learn and have food and shelter. It has been an eye opener to her and the family,.	Dec 26, 2009 5:11 PM

174	That is a question which I am personally addressing now. Because of the expressed and exhibited divisive conduct of our current district governor who appears to be determined that the the Dublin Rotary Club should not repeat as Club of the Year by re-structuring rules. Rather than encouraging other District 6920 clubs to out serve each other, he seems determined to punish and diminish the Dublin Club without regard to the demonstrated level of service. This type of "leadership" is destructive to Rotary, does not encourage service above self and is a significant part of the Rotary retention problem. I personally intend to find other ways to achieve my goal of service above self after this Rotary year.	Dec 26, 2009 6:24 PM

So often I have found that the primary reason for individuals joining not only Rotary but other civic organizations within a community is to see and be seen. The perceptiuon of growing your business through membership in Rotary or other civic organizations AND with the idea of obtaining support for political aspirations within the community appears to be the primary motivation. 707	Basically, same as above. We are in danger of losing our most enthusiastic and supportive members because of a lackadaisical attitude on the part of the others. We found it necessary to have a "come to the throne' meeting a couple of weeks ago, as we did not have any prospects for future club leadership, including a PE to become President on 1 July 2010. We made it very clear to the membership that, without leaders (president 2010, president 2011, secretary, treasurer, at the least) we would close our doors on 30 June. Two men stepped forward, one new this year, one a several year veteran, so, it would appear that our future as a club is still good. Next requirement--an on-going on at that--build membership. 1546	n/a	Jan 4, 2010 2:29 PM
1547	I have been in Rotary for thirty nine years. It is not the same as it was. There are only 3 members in the club now that were there when I joined. I have seen a number of members come and go. Recently there seems to be a lack of committment on the part of the officers and directors to know or follow policies; ie. attendance, dues, programs, etc. We tend to keep someone who is not dedicated to service just because they are willing to pay their dues. In our club a member would benefit by remaining a member, because of the food; the programs; and the various projects that we are engaged in.	Jan 4, 2010 2:30 PM
1548	We have a wonderful mix of members and atmosphere.	Jan 4, 2010 2:30 PM
1549	In addition to the two reasons above, after 3 years many members are asked to participate in a leadership role in the club. Becoming a leader in the club bring a whole new perspective to Rotary International, the District and our International efforts.	Jan 4, 2010 2:31 PM

2081	It takes time, often years, to transition from a Rotary club member to a Rotarian who internalizes the benefits and self-actualization of serving others. The turning point is when a Rotarian notes that they seem to be "getthing" more than they are "giving" through their Rotary service. Others express this transition as "I need Rotary" but Rotary would do fine without me. Time is also needed to explore the full service potential of Rotary, such as opportunities through thr Rotary Foundation for example.	Jan 4, 2010 9:40 PM

2101	Frankly, I am having to search for an answer. There are numerous public service organizations in this community. The "reward experience quotient" must be high in some organizations that contribute far less (in financial terms) to the community than our club because, it is those clubs where the members are ! We do not seem to know how to be "rewarding" or "satisfying", even to our own members. Those looking for a venue to "give back" do not hang out with a group who is not satisfied with themselves on that score. We are not a "businessman's club", we are not a community leaders club". 2522	Actually, I am considering not continuing in Rotary at this time primarily because of the time commitment. Also, I don't feel that there are real opportunities to get to know people. Everyone hurries in, greets each other, eats lunch, listens to the program, and leaves. The great benefit of remaining in the club is my tremendous respect for Rotary and its mission and that it is the only opportunity I have to interact with many of my fellow Rotarians.	Jan 5, 2010 3:47 PM

3101	We are busy people. We have a desire to serve our community and the individuals in it. We do not each have enough time to plan, organize and facilitate these various projects, programs or activities. However, when a Rotarian steps up and takes the lead , then each of us has the opportunity to participate in a meaningful way without having to be responsible for every single aspect of that project. At the same time each of us has the option of "taking the bull by the horns" and leading any of these programs or projects. The result is that a Rotarian in our club can become very involved time-wise and make a significant difference for the good in our community. Or he or she can just show up and spend their time availabe to make a real difference in a persons life. Both aspects, both levels of participation leaves the Rotarian with a feeling of accomplishment, gratitude, joy in giving and a connectedness to our community which would be difficult to acquire in any other club on such a consistent and regular basis. I remain a member because it is something I have committed myself to doing. Most of the time I enjoy being a member, other times it can be a hassle. I truly feel that we need to make sure that 3-year+ members continue to be engaged in the organization, otherwise they can get complacent.	Jan 13, 2010 8:40 PM

3761	To me it is a life long commitment to be a part of the community i live in. The Rotary club fulfills a lot of the desire i have to make a difference locally. The club is also a good club with a good intention to do good things. We own our building. Our annual auction is 54 years in the making. Our Foundation has investments to sustain future giving if the auction fails. We are on an upward trend on the membership cycle, at 89 currently, working toward 100. This is providing the existing membership and the new membership relationships and fellowship they may not have had before. Our oldest member is 102 and attends 1 tiem per year, but has been a member since the 1930's. We have many in their 80's who attend every week. The younger members believe the older members can offer some good information about life, Rotary, and general humor and knowledge.	Jan 14, 2010 3:21 AM

He and his family were hard working people thrust unexpectedly into unemployment due to his incapacitating open heart surgery.</p> <p>After we had bought Christmas presents for him and his family he was on the verge of tears. 4196	There is a tendency for people to drop out of Rotary after several years because of other activities, money, and lack of interest. I have remained a member because I know that it is the most important group in the city and more can be done locally through Rotary than any other civic organization, if it is well directed. Rotary is multifaceted in that it gives one so many opportunities which are important for being a good citizen and a true American. By remaining in Rotary one receives a pretty good overview of the problems and benefits of the surrounding region and state. Then, there are worthy projects which really make a difference for other human beings and which cause one to look beyond him/herself. To be able to assist and help others in a significant manner is a blessed experience which Rotarians cultivate on a regular basis. A well informed and financially able group can do so much more than a single person or insignificant group.	Jan 19, 2010 11:10 PM
4197	Continue to serve humanitarian needs. I have recieved no direct business benefit from being a Rotarian.	Jan 19, 2010 11:11 PM

4771	same reason as above and continued friendships with other club members.	Jan 28, 2010 7:22 PM
4772	Going to Rotary is a bit like having your rechargeable batteries charged up. There's most always someone there with something positive to share or a perspective that is unique and interesting. It offers a good way to stay in touch with the community and a chance to learn from others who understand and place high value on service. In some ways, it's like being part of a family, but it's a very diverse and professionally astute and capable family that has at its heart making the world a better place to live. There's great synergy in Rotary as folks from all kinds of vocations and faiths work together in service. That synergy and being open to it can work like a magnet to keep members in a club, if club members recognize it and are open to how much Rotary can offer them in terms of personal development, professional networking, and opportunities for service.. 4893	<p>I have had experience of being a member who resigned for a season of life, and then with great joy, I rejoined this club. Because of work, I had to go to other clubs, and they were not the same: they did not have the same comraderie, commitment to international projects, commitment to more than one or two local projects, or the palpable desire to BE Rotarians.</p> <p>I rejoined this club with great joy. As a past-president, a past-GSE team leader, and a past- high school exchange student, I have been involved on many different levels. I have found a solid base of support in each of this various levels in our club.</p> <p>This is hard to limit to a consolidated format. Why do I love Rotary, and our club in particular? The Simpsonville Rotary Club (District 7750) is committed and actively involved in local and international activities. We do more than lip-service to needs; we sincerely seek out the needs of the community and try to address them.</p> <p>The members of Rotary are my family.</p>	Jan 29, 2010 2:21 AM

75	I don't feel that it is necessary to try or be different from our fellow organizations. We all should work to better our community and the world. Each has it's strenths and weaknesses but we all serve a common purpose. I feel we only have time and resourses to serve in one civic organ. I'm fortunate to have been invited to join Rotary. It has the added benefit for us to provide travel, golfing and international and national friendships through the IGFR & USGFR golfing federations and through matching grants travel to foreign countries. 379	The classification system allows for diversity in our club, which is a very positive strength. There are other clubs that have community leaders, also, but our ability to offer so many more opportunities for local and international service distinguishes us from the other clubs. A bonus advantage in our District and beyond is the availability of the Rotary Leadership Institute. As an Assistant Governor, I can increasingly see the difference in club leadership between those who have completed RLI as opposed to those who have not attended. 681	Our Club gives individuals the opportunity to give back to their local Community; by getting involved in current projects, or helping to create new ones where they see a need that they would like to help with. We are a club that allows/expects our members to get their hands dirty. We do not do a lot internationally, as we prefer to put our resources into activities where we actually perform and oversee within OUR Community. This approach has attracted numerous local and civic leaders, and allowed us a certain stature in the Community. (Now senior members will often point out that we have lost a LOT of our stature because of R.I.'s short-termed view on opening up membership a number of years back, but we are still pretty well respected.) I'm not aware of another civic club who accomplishes what Rotary accomplishes on a local, state, national and international level. 1603	we have a great group of diverse people with varied interests	Jan 4, 2010 3:19 PM
1604	Unfortunately, except for Rotary Internationals world focus, our local club does not distinguish itself from others. Let me clarify. Most all other local civic clubs do local projects, have diverse membership, do social things, meet for a meal, support local schools, etc. We have a great group of members, but I feel sometimes that we need to be doing something (in all honesty, I do not know what!) that would make others say "Hey, I want to be part of that!"	Jan 4, 2010 3:21 PM
1605	Rotary does not distinguish itself as well as in the past due to its recent efforts to recruit quantity of new members rather than professional/business and social quality of members. This needs to be revisited by all clubs as more could be accomplished if improved.	Jan 4, 2010 3:21 PM

I am confident that there are other organizations that have wonderful members and do good things. I happen to be a CG Rotarian, a proud CG Rotarian and as far as I am concerned there is no other local organization like ours. Even other Rotary clubs. We are very fortunate in deed to have the motivated members that we have. Year after year members have stepped up and taken on responsibilities and in the process have become leaders and increased their confidence which I am sure has effected every part of their lives, not to mention the rest of us including those we serve in the community. 4039	There's the rub. Like most clubs, the work is done with little or no recognition outside of those affected by the project. This is something the our club is working on through Twitter and or social media.	Jan 19, 2010 7:08 PM

We try to involve everyone in the community with our projects. We work to stay diversified with our members so we have the talents and skills to reach out and do more in many different ways. 4047	Unfortunately, this club may be considered elitist because of the membership of such high profile community members. The truth is that they are very involved in the community and very generous to local, national and international charitable causes.	Jan 19, 2010 7:14 PM
4048	Focus is to help more organizations who have need. Civic clubs focus may be for one group.	Jan 19, 2010 7:15 PM
4049	I am not sure exactly what the other service clubs are doing but they have wonderful members. We are the largest in number but that is not what should be judged. We do participate in many service activities in our community. Sometimes, it's just who has the best publicity director, eh?!	Jan 19, 2010 7:16 PM

4058	The number one distinction is the R.I. attendance requirement is tough (was tougher way back when my father started out), and a member really has to be committed to service to meet that requirement. Also, we are a 90-year old Club and there is such deep tradition of being involved in the community.	Jan 19, 2010 7:26 PM

Where there are several clubs in a small geographic area, could we not POOL resources and programs for greater effect? I.e. adopt those programs that give the best opportunity for broader participation by all? I cannot go to an elementary school when they ask 8-2. as this is my main work time. I want to contribute, but I also have to earn my living. Because I can't participate during those hours, I am not making the commitment and it appears that I am not a good club member. 4099	Historically we have not, but now we ae distinguishing ourselves as the premier organizationof all the "players" in town...	Jan 19, 2010 8:06 PM
4100	Not necessarily a good designation, but the opinion of several people that I have talked to in town is that Rotary is primarily concerned with service projects outside our community - many of the younger leaders in our communitiy have chosen another club in town that vocally expresses their pride in the impact that they are having locally.	Jan 19, 2010 8:07 PM
4101	Our club does a lot in our community, which I am sure most do. But some of our members go to a local school every week and read with children. We have a program every year that allows one star student in the senior class choose a teacher and they are Star Student and Star Teacher. We also have each speaker sign a book and it is donated to local school libraries each week. The small things that we do, make a huge difference in this community and I am proud to be a member of it. 4165	We don't limit our focus to one or two issues. If a city leader brings an issue to us, we fix it. If a child needs glasses; it gets done. If a senior citizen needs help, they get it. If the boy or girl scouts have a project, we help.	Jan 19, 2010 11:07 PM
4166	We have a wide range of ages in our club but, realistically, we are top heavy with "old farts". The younger ones provide the man/woman power and the older ones can write the checks. Unfortunately, we have far too many "knife and fork" Rotarians who don't provide much more than a warm body holding a seat at a table.	Jan 19, 2010 11:08 PM
4167	There are other civic clubs, however Rotary is larger, more significant, and supports world-wide as well as local projects which are unique. The Rotary Club is more comprehensive in the kind of projects and the scope of influence that it has both locally and internationally. The Polio Plus project is absolutely phenomenal. The Peace Seminars, the foreign student program, the local Scholarship program, the water projects--all have been outstanding. We are beginning a program to fight poverty throughout our County which may be of some significance. Other such programs can only be sponsored and financed through Rotary. Therefore, Rotary should continue to focus in on the most difficult problems and come up with a worthwhile plan that works. Other groups are not able to finance, organize, and manage a project as well as Rotary. The reason, of course, is that Rotarians generally are educated, successful, trained, experienced and loyal to the principals of Rotary. They can focus on a problem and come up with a solution. Then, they can implement the plan to alleviate the problem because of their management skills and experience.	Jan 19, 2010 11:11 PM

4203	The only distinct is the rotarians tend to be leaders or participants in more civic opportunities and tend to bring other rotarians in as needed, almost like a volunteer corps. One member volunteers at a hospital, when the hospital had an event and needed additional people the member asked us to volunteer (which we did) as assistants, runners and back ground staff. 4205	We perform good works locally, nationally & internationally on an annual basis. I do not consider our club as a civic organization, rather a humanitarian organization. My observations of civic organizations in our community are "eaters & greeters" & periodically throw a few dollars at a project or two, they're primarily in the organization to socialize. Our club performs a major portion of our projects/programs as "hands on".	Jan 20, 2010 2:24 AM

4740	That's a good question. I'd say through maintaining its traditions and the continued focus on vocation as a requirement of joining. Having to be asked to join sets Rotary apart in many ways and gives it a certain cache. You know that you can respect each member, trust each member, which makes it fun to not only experience but know that you are a part of this group of individuals that you feel that way about and they you. No envy exists, if anything, equalization of importances as it relates to individual membership is paramount. Yes, the elected leaders are more recognized but that is how it should be. Yet the leaders do not look down on its members but instead treat all as friends. The atmosphere is great and all are there to enjoy the meeting - not there to promote a personal agenda of any kind. 205	<p>As a newer member of our club it is my understanding that our club is considered one of, if not 'the' premier club in our district and membership is a privilege. As we transition our club to a more diverse membership we have lost some of the old stalwarts but have certainly gained new invigorating people that are doing great work.</p> <p>I think what used to make our club exclusive was that the majority of major players and moguls of Brandon made up the membership if not founded the club as well and helping to found Rotary Camp. I think our club is losing that exclusivity as the major players age off and lose business contacts and are not longer as active in the club and the community as they were in their heyday.</p>	Dec 27, 2009 12:55 AM

231	There definitely could be but at this time if I were to be totally honest, No. One reason is the person elected to serve as President. A person doesn't quality just because they haven't served in this position in the past. Maybe a two year term would be more appropriate. The first year could be devoted to building an action plan and putting the peices into place. The second year could be implementing the action plan. Knowing you would be required to devote two years of your life to making your club the best it could be would weed out those that accept the position of President as a matter of prestige. Or as in the case of a small club "just because they have been President of the club in the past".	Dec 27, 2009 3:32 PM

940	Not really. I want to answer this question; but the word "privilege" kind of stands in my way. There are many good clubs and service organizations out there. I prefer to think we all find our own niche. My club is small, and we could use some more members.	Dec 30, 2009 10:14 PM
941	At one time it was exclusive to businessmen and leaders in the community. However, since membership guidelines have been dropped so has our exclusivity. I see Rotary becoming like many other civic organizations.	Dec 30, 2009 10:15 PM

1981	It used to be known as an exclusive and prestigious club of local businessmen with a high attendance rate. It has lost its position either because so many members, like myself, are so consumed in their businesses or professions that they don't have the physical time or the restrictions on attendance push members toward resignation. Its a tough place to be in. Frankly, if I were forced to meet attendance requirements, I would have to also resign. I cherish my membership because of the heritage, but I am not able to be a productive member as I was when I was younger and the demands of my profession were not so great.	Jan 4, 2010 9:15 PM

2064	There is an excitement about the group in that last year there were 8 members and this year there are 20. New members with new ideas and a willingness to give their time. The lunch meals (when our group meets) are prepared by the President's wife, a former restaurant owner and members come and bring guests to see what delicacy she has prepared each meeting. The speakers are timely and interesting and I believe the speakers are more easily enticed to come when they hear Janice is preparing them.	Jan 4, 2010 9:49 PM

2073	Again, I have to refer to our fellowship and quality meetings that our members enjoy and remember. Our annual Change of Command Banquet is an important tradition to the Club that reveres ALL of our members, honors our past, continues our tradition when we recognize special efforts or when we award Paul Harris Fellowships, and speaks to a bright future of service and honor. In addition, we have "Rotary Minutes" each week at our meeting where we try to educate our members on some aspect of Rotary, building not just knowledge but also pride.....which leads to the belief that it truly IS a privilege to be a Rotarian. 2310	Not sure	Jan 5, 2010 11:19 AM
2311	Our Club is not unique but recognizes uniqueness of being a Rotarian. Unfortunately the push for numbers during every year has diminished the calibre of prospect we seek. We tend to accept into membership prospect with minimal interest and likelihood of staying. 2312	I am not sure if this is unique to Rotary alone because this is only my second club I have been a part of but I like the feeling that I can serve along other community leaders as a minister but don't feel any separation from the group. 2503	Yes, as it was started as an all-women's club but RI requested that we be a duel-gender club after the club was formed. The club has shown the district that women in such an organization can be as successful, or more successful than a men-only club. Our club developed a Village Corp in its early days, which is a two-hour drive away, and the members have continued to maintain support to this community. The club also started a school for children at risk, which is also functioning very successfully. These are both wonderful projects for new members to get involved in.	Jan 5, 2010 3:55 PM
2504	The other members and their efforts are unique.	Jan 5, 2010 3:55 PM

2525	I'm not sure we're any more "unique" than other clubs that I've visited. We're very active -- even with a membership that's a bit too heavily represented by the 60+ members. Still, as a relatively younger member, I find the comfortability of the experience very unique and refreshing. Some groups can be way too formal and others too lax. The Rotary Club of Richmond strikes a good and sensible balance -- and does so consistently.	Jan 5, 2010 4:10 PM

2680	Yes, but it is also a factor affecting growth. Our club has many older, retired members with longstanding and important ties to our community, but they are also less inclined to participate and be active and this creates some degree of tension, maybe even resentment from younger more junior members who feel that they are being required to do all the paddling to keep the good ship of Rotary moving. 1	They are of equal importance, to me.	Dec 20, 2009 11:33 PM
2	We have a very thorough and comprehensive training program before any candidate becomes a Rotarian so the new Rotarian fully understands the expectations, obligations, and culture of Rotary and our club. This program has reduced the loss/turnover from our club significantly over the last five years. The Objects of Rotary are taught as only one piece of our screening/training process.	Dec 21, 2009 6:49 PM
3	There is not really much separation in the first three priorities as all are critically important.	Dec 21, 2009 9:00 PM
4	Prioritizing is difficult, they all are so important.	Dec 21, 2009 10:19 PM
5	Needs to be rewritten in 21st century language	Dec 21, 2009 10:30 PM
6	All four are important. This is only a ranking preference	Dec 22, 2009 4:51 PM
7	I think the priorities change as the Rotarian ages and gets more engaged with Rotary.	Dec 23, 2009 11:41 PM
8	Hard to rank - I see them all as essentially co-equal.	Dec 24, 2009 2:41 PM
9	The first above is a key. We need to continually grow Rotary so it is last forever. Second - High Ethics is a must. These are the values Rotarians should espouse. Third - we need to put first and second into action. Forth - We need to build goodwill in the World.	Dec 24, 2009 4:02 PM
10	I really think these are equal, or nearly equal, that it is hard to say one is more important than the other.	Dec 24, 2009 4:50 PM
11	These are all priorities. I have difficulty ranking them: acqntance, ethical stanards, reconginition of worthiness, dignifying of each occupation, application of ideal of service, the advancement of international understanding. Alll good stuff!	Dec 24, 2009 4:58 PM
12	Rotary can only succeed if its members enjoy being members. All of the above are important but we should also stress the need to enjoy what we are doing. HAVE FUN WHILE DOING GOOD!	Dec 24, 2009 5:04 PM
13	These are tough to rank.	Dec 24, 2009 6:40 PM
14	Wish there was something about personal development too	Dec 26, 2009 12:59 AM
15	I was very proud when our club supported a minority civic club in their Back to School Give away.	Dec 26, 2009 1:45 PM
16	The pledge of the "things we think, say, and do" is one of the easiest "Go-by's" to life I have ever heard. It is thorough and simple adherence will make you an ethical and trustworthy person.	Dec 26, 2009 1:47 PM
17	Some of our membership really do not buy the idea that the Four Way Test applies to regular day to day business....	Dec 26, 2009 2:03 PM
18	Why prioritize?	Dec 26, 2009 2:23 PM
19	I assume that you want us to prioritize the four objects 1, 2, 3, 4.	Dec 26, 2009 2:30 PM
20	I have been so blessed that I feel an obligation to help those less fortunate. Rotary provides an efficient and effective avenue for me to serve others.	Dec 26, 2009 2:59 PM
21	Great philosophy! It is a great standard to strive for in business and daily life.	Dec 26, 2009 3:16 PM
22	Rotary is first in worthy causes over any other service cluns	Dec 26, 2009 3:36 PM
23	You did not ask the question, " Who is the KEY person in each club to build membership?" Why?, & how? Call me please.....	Dec 26, 2009 3:48 PM

Please feel free to add additional comments regarding the Object of Rotary.		
24	You left out one of the most aspects of recruiting; how a club should approach an individual rather than each member do it one his/her own. In my year as pres, we gained 12 new members in a 24 person club by recruiting as a team to invite new members rather than each Rotarian working on people by themselves. Most clubs do not use a team approach and most I have visited or listened to at a district seminar do a shaby (spelling) job for the indoctrination or as we call it in when they do it and most of all, the content of the indoc does not let the person know much about Rotary, the club organization, etc, The Fireside Chat being an individual actually becomes a members so they know what is expected of them.	Dec 26, 2009 4:07 PM
25	All of our collateral activities, e.g., Rotaract and Interact clubs, hosting our international scholarship students, sponsoring international trips of Rotarians, and gaining a greater appreciation regarding the services provided by our fellow members.	Dec 26, 2009 4:31 PM
26	It is difficult to place any of these ideals at a lower priority than the others. It seems that they should all be in balance, or the wheel will be out of balance.	Dec 26, 2009 5:02 PM
27	To continue its mission of making this world a better place to live in. By being a member I can help and not have to be in all places at all times. I have Rotary International etc. to put these things in place - Eratication of Polio. Plumbing in many parts of the third world etc.	Dec 26, 2009 5:17 PM
28	Regular attendance at our club and making up at other clubs is very important in assuring us of the reasons we are in Rootary. We gain ideas when we visit other clubs as welkl as developing friendship with others.	Dec 26, 2009 5:25 PM
29	The Object of Rotary should be the purpose of each club.	Dec 26, 2009 6:32 PM
30	It has stood the test of time well.	Dec 26, 2009 7:12 PM
31	I feel more that the ideals of Rotary begin at home and then branch out from the community just as they did when Paul Harris did in Chicago. To that regard I am a member of the Paul Harris Society.	Dec 27, 2009 12:56 AM
32	For this question, I believe that it is important for all four of the above items to have major emphases for anything less would make Rotary less that what it presently stands for and for which it functions.	Dec 27, 2009 2:44 AM
33	All of these are of equal importance in my opinion, and receive emphasis in a fully-functioning, member-involved Rotary Club. These days, however, it is easier and more efficient to make a conotributuion of money than to offer one's self in service.	Dec 27, 2009 9:31 PM
34	I believe all four of the objects are of equal priority and are mutually beneficial	Dec 27, 2009 9:43 PM
35	These are four items that should not be separated since, as a whole, describe what we are, or should be , all about as Rotarians.	Dec 27, 2009 10:12 PM
36	For me it is almost impossible to prioritise the above as I feel they are equally important. I still think the Object of Rotary is the cornerstone of our existence.	Dec 28, 2009 1:11 AM
37	The order in which they are presented follows a logical progression.	Dec 28, 2009 1:13 AM
38	I personally feel strongly about giving back to those in need in our own community.	Dec 28, 2009 2:21 AM
39	Belonging to Rotary gives me a greater connection to the world at large, and the community I live and work in, in a way that I am not able to get through my work or other personal connections. It is the IDEALS OF ROTARY that give me the greatest satisfaction of feeling that I am participating in a group effort towards the greater good of the world at lagre, as well as my own community.	Dec 28, 2009 2:39 AM
40	It is very hard to rank these because they are all very important. I have lived my life by the Objects of Rotary and the 4-Way Test.	Dec 28, 2009 3:36 AM

Please feel free to add additional comments regarding the Object of Rotary.		
41	I feel we lose rotarians largely because we accept members w/o fully screeninf them in tle application process. It should be emphasized that if the primary reason they are joining is to make their resume look better with their employer or if it is to satisfy their employer they are wasting everyone,s time and their employer" money as they likely wii quit within a s.hort time.	Dec 28, 2009 3:50 AM
42	I can't imagine doing any one of these without an equal dose of the other three. Sorry if that is not very helpful.	Dec 28, 2009 1:03 PM
43	all are important, and it's difficult to rank the first three; however, i feel we must take care of the first three in order to have a viable local club; and if those are accomplished, the fourth will follow as a natural progression / extension. (sorta like "sweeping around your own door before worrying about others")	Dec 28, 2009 2:05 PM
44	I also see opportunities to mentor younger women in our club.	Dec 28, 2009 2:17 PM
45	Actually I believe all of the above are of equal importance	Dec 28, 2009 2:40 PM
46	They are one together. Each Object is connected to the other and each, regardless of the "number" attached is equal to the other1	Dec 28, 2009 2:51 PM
47	Each of these "objects" is equally important. However, their priorities are constantly, perhaps ever so slightly, shifting to adjust to our daily activities and interactions.	Dec 28, 2009 3:00 PM
48	My personal concern with RI is its close ties to the United Nations and other such nefarious NGO's.	Dec 28, 2009 3:03 PM
49	For me, the four way test is about applying Christian principles to our everyday lives. We can't be all things to all people and shouldn't try. We offend our Jewish members by saying the wrong thing as we bless our food. I can't tell you how many times I've almost walked out after the prayer. It is ridiculous.	Dec 28, 2009 3:03 PM
50	I would not prioritize them. They all apply equally to me.	Dec 28, 2009 3:20 PM
51	The backbone of Rotary is the individual clubs. I feel strongly that we need to develop strong local organizations and clubs as a starting point to serving beyond. It takes more effort to get members to 'do' things, but there is a great return because helping others makes us feel good. Once a person realizes that they can be a part of an organization and can help so many, getting them to help financially or with more distant programs is much easier.	Dec 28, 2009 3:37 PM
52	It is difficult to prioritse the 4 objectives because all of them are important	Dec 28, 2009 3:50 PM
53	Providing a "critical mass" of community service-minded individuals to work together for the betterment of the community.	Dec 28, 2009 4:08 PM
54	If everyone practised the ideals of Rotary, the world would be a better place, and if everyone tried to advance international understanding the world would be a safer place.	Dec 28, 2009 5:10 PM
55	Given the option of listing more than one in each priority, I would but the first two in "first priority" and the second two in "second priority."	Dec 28, 2009 5:18 PM
56	Our president this year has asked us to recite the 4 Way Test during each meeting after pledging allegiance to the American Flag. I believe this has been a good reminder and made each of us more aware of our commitment to Rotary. Also, each member has been recognized during their anniversary month and a 4 Way Test framed certificate has been given to each member. We are all encouraged to hang certificate in our place of business. I think this is an ideal way to allow more people to understand our mission.	Dec 28, 2009 5:20 PM
57	This area was difficult to rate since all four have equal importance to me.	Dec 28, 2009 6:37 PM
58	International service is very important to me as a Rotarian, but I feel the need to focus on the needs of my community at the same time.	Dec 29, 2009 1:58 AM
59	I do not believe I had ever heard that the first item was an Object of Rotary	Dec 29, 2009 3:16 AM

Please feel free to add additional comments regarding the Object of Rotary.		
60	No other service or civic club is as well grounded in ethical and moral standards that a lot of our permissive society wants to disregard.	Dec 29, 2009 1:36 PM
61	May seem incongruous that I listed acquaintance earlier as primary reason for involvement, but listed it last here. The reason is that the "Object of Rotary" focuses on intended outcomes. Acquaintance and relationship are both means and ends.	Dec 29, 2009 3:21 PM
62	I recognize the importance of International Rotary but our club is so small, local service is more important to us.	Dec 29, 2009 3:40 PM
63	I do not agree that, "The only purpose of a Rotary club is to advance the the Object of Rotary." There are 33,000 Clubs and over 1.24 million members and most of them do not have a clue about the Object of Rotary. Therefore, there must be more to it than that!	Dec 29, 2009 4:08 PM
64	I believe each objective is equally important.	Dec 29, 2009 4:12 PM
65	Actually, they are all interchangeable	Dec 29, 2009 4:19 PM
66	DO NOT LIKE THE ANSWERS WORDING.....NONE WOULD BE MY FIRST PRIORITY AS WORDED	Dec 29, 2009 4:45 PM
67	It's difficult to give priority of one ideal over the other. They are inter-related and therefore must be done inconjunction with each other.	Dec 29, 2009 4:50 PM
68	Government has overtaken the idea of "service" throughout our Nation. We have government programs for virtually all situations - yet that is the least efficient mechanism to actually help people. But, more importantly, when we do not accept our responsibility as human beings to interact with others and provide outreach where we can, we diminish ourselves as sentient beings. To be a complete person, one needs to develop relationships and offer of oursevles.	Dec 29, 2009 5:01 PM
69	I'm very proud to be a Rotarian and would not change a thing.	Dec 29, 2009 5:04 PM
70	to promote World Peace!	Dec 29, 2009 5:14 PM
71	difficult question	Dec 29, 2009 5:31 PM
72	These are all equally important aspects of the purpose of Rotary.	Dec 29, 2009 5:52 PM
73	Actually, they are all top priority items.	Dec 29, 2009 6:08 PM
74	I am not sure if you wanted each to be rated, but I truly believe that all of the noted are top priority and go hand in hand. As we are aware of situations we can choose to make a difference.	Dec 29, 2009 6:25 PM
75	We need to add continue education for old and new members to understand what Rotary is all about.	Dec 29, 2009 6:31 PM
76	They are all crucial and equally important.	Dec 29, 2009 6:48 PM
77	This is really bogus question. All of these items are vital to the success of Rotary and Rotarians.	Dec 29, 2009 6:48 PM
78	To enhance each others skills and talents.	Dec 29, 2009 6:52 PM
79	Not sure if you were asking to rank them 1-4; that is what I have done. I believe that all four items are very important.	Dec 29, 2009 7:00 PM
80	I picked an order but I cannot say I believe in any priority here... I think all are equally important.	Dec 29, 2009 7:00 PM
81	I placed "The development of acquaintance.." as a second priority because I believe this is necessary to adequately carry on the work of Rotary. High ethical standards is the most essential part of our object because high ethics drive everything else we do in the right direction.	Dec 29, 2009 8:02 PM
82	Lets take care of our own as our first priority	Dec 29, 2009 8:58 PM
83	Obvioulsy, they are all of great importance.	Dec 29, 2009 8:59 PM

Please feel free to add additional comments regarding the Object of Rotary.		
84	We lose some potential members, to purely networking organizations, because we don't offer them enough help in selling their goods and services.	Dec 29, 2009 9:20 PM
85	And it is fun.	Dec 29, 2009 9:33 PM
86	I like the ethical four way test that ends each meeting reminding us of our obligation to self and others.	Dec 29, 2009 10:18 PM
87	The object of Rotary is people. So long as the club is focused on creating the best benefit for the most people (at any point in time in our community or others), we're golden!	Dec 29, 2009 10:37 PM
88	Serving others for the good of all the community and its citizens, both public and private sectors.	Dec 29, 2009 11:06 PM
89	This was a very tough set of questions!	Dec 29, 2009 11:23 PM
90	It is somewhat difficult to isolate the four items because they are interrelated.	Dec 29, 2009 11:45 PM
91	all are important, difficult to rank	Dec 30, 2009 1:31 PM
92	Ethical actions on the behavior of all members is essential. a sense of the internationality of our work. acceptance of all people. we need to try to reign in the establishment of local club foundations.	Dec 30, 2009 1:49 PM
93	THE OBJECT OF ROTARY IS VERY WELL DEFINES..OUR JOB IS TO ADAPT IT TO OUR OWN COMMUNITY AND SERVICE NEEDS	Dec 30, 2009 2:39 PM
94	not sure of the value of ranking the four. These are parallel and intersecting and congruent -- not ranked one higher than another. NOTE: a look from the outside of Rotary would give great insight on how to maximize membership efforts.	Dec 30, 2009 2:53 PM
95	If all people not just businessmen/women would apply high ethical standards to their family life and business life, we would be a much better place. Our club holds a 5th grade expo and we cover the Object of Rotary - we also honor a teacher, non-teacher and student in every school in our county with an award and they each receive a 4-Way Test framed plaque to hang in their office or home.	Dec 30, 2009 3:02 PM
96	response above assumes a forced priority ranking. Otherwise all would be 1 or 2.	Dec 30, 2009 4:00 PM
97	I believe each one is just as important as the other	Dec 30, 2009 4:45 PM
98	Really just wish it to serve our community as an outreach to important issues and needs	Dec 30, 2009 5:18 PM
99	Somehow the Four-Way-Test needs to get inculcated in our national leadership -- both business and government.	Dec 30, 2009 8:56 PM
100	Difficult to differentiate between these. They're all priorities or a similar importance.	Dec 30, 2009 9:35 PM
101	Provides every Rotarian a place to stand in the community.	Dec 30, 2009 10:18 PM
102	I admit that I possess a limited knowledge of Rotary's full history and having been a Rotarian for many years, I do fully believe that Rotary and the World in general benefits greatly from Rotary's INTERNATIONAL FOCUS. I do believe in service before self, but I also believe that we place too much pressure on small local clubs to have an International focus... when their efforts would be better spent LOCALLY. How did an organization created by one man in order to benefit and organize, meet and "Rotate" at each other's business's gain such an INTERNATIONAL FOCUS.	Dec 30, 2009 10:26 PM
103	My introduction to Rotary was during the Christmas season of 2006 and I still being amazed at the global outreach of Rotary.	Dec 30, 2009 10:26 PM
104	I feel the "pressure" of supporting worldwide endeavors has hurt our clubs. American clubs contribute much more to other countries than they contribute. We have our own challenges at home.	Dec 31, 2009 1:51 AM
105	In my opinion, I think the opportunity for Rotary to be a vessel for community service is most important.	Dec 31, 2009 11:01 AM

Please feel free to add additional comments regarding the Object of Rotary.		
106	These all seem to be first priorities.	Dec 31, 2009 11:48 AM
107	Service to Rotary is multi-faceted, at different stages of life and career each of which will have first priority status. To choose one over the other would be a disservice to the ideal of Rotary Service.	Dec 31, 2009 12:58 PM
108	To create a forum for humanity that binds the good parts of human endeavor and recognizes the very limits of that endeavor. It also allows all the religions to participate and political entities to participate without raising the ugly competitive nature of proclaiming superiority.	Dec 31, 2009 2:42 PM
109	Some clubs have lost sight of the Object & purpose of Rotary. Often excluding potential members who do not fit their "country club" image of what they think a Rotarian should be. Not recognizing the worthiness of all useful occupations as an opportunity to serve the community.	Dec 31, 2009 3:17 PM
110	Until some other objectives better than these are offered, I will do my utmost to stay focused.	Dec 31, 2009 3:20 PM
111	Most club members feel more compelled to participate in community service than seem concerned with international service. Most seem to get behind GSE and student exchange types of programs but seem less interested in international service projects. The emphasis on vocational service in the community seems to have been lost because I can not recall a vocational recognition project excepting perhaps education during my 20+ year Rotary tenure.	Dec 31, 2009 3:21 PM
112	I ask you - is the above really what Paul Harris wanted?	Dec 31, 2009 3:33 PM
113	That is hard to rate as they are all important!	Dec 31, 2009 4:25 PM
114	When I read about the goal to eradicate polio and providing clean water for other countries, I am always so proud to be a Rotarian. When I see what Rotarians do in this community, literacy, service, I am proud to be called Rotarian.	Dec 31, 2009 4:39 PM
115	I feel the other three flow naturally from application of the second.	Dec 31, 2009 4:46 PM
116	We obviously don't do well because of the attitudes in the world and the desire of persons to destabilize governments and religions around the world.	Dec 31, 2009 10:43 PM
117	I wonder how many RINO's will not respond to this survey	Dec 31, 2009 11:17 PM
118	All of these should be Number one!	Jan 1, 2010 2:58 AM
119	My concern with this Rotary. or any Rotary, is the political inferences and open hostility with either political party. I thought that Rotary was supposed to be apolitical - comments at our Rotary are often not only pointed, but offensive.	Jan 1, 2010 12:38 PM
120	ARE THERE MORE?	Jan 1, 2010 3:52 PM
121	Without the high ethical standards, we so not have the kind of members we are seeking so any amount of fellowshp will go to waste.	Jan 1, 2010 7:03 PM
122	Each club has a uniqueness of how they blend the above objectives, some with emphasis on community versus international. One and two above should work together to allow three and four to grow.	Jan 1, 2010 7:45 PM
123	All are top priorities	Jan 2, 2010 2:03 PM
124	four legs of chair, need to stand, all are co-equal	Jan 3, 2010 1:17 AM
125	Rotary furnishes a frame work that has as its engine service/service above self and the principles or the object of Rotary that direct the engery to constructive conclusions.	Jan 3, 2010 3:57 PM
126	This is difficult. All are important. That is why we are members.	Jan 3, 2010 6:27 PM

Please feel free to add additional comments regarding the Object of Rotary.		
127	We are a very small club and put very little emphasis on International matters. We focus on the needs of our community and try to address them as possible.	Jan 4, 2010 3:29 AM
128	These are all of first importance, It is like a balance of a fine set of rules to live by. If you are truly a rotarian it just comes naturally. If you are new to these ideals, then a fellow Rotarian will be glad to show you the way.	Jan 4, 2010 3:41 AM
129	They are all important.	Jan 4, 2010 3:43 AM
130	These four are the essence of why we all should have joined Rotary. They are why I have been a Rotarian with over 35 years of perfect attendance. They are intertwined into our core. If we lose one, we only have a three legged stool. Unfortunately I am not sure new members have and know these Objects when they join Rotary. We must NEVER change these words that we live by each and every day.	Jan 4, 2010 4:05 AM
131	Very hard to prioritize these. All are most important.	Jan 4, 2010 4:24 AM
132	I am not sure what your intentions are with this question.	Jan 4, 2010 11:24 AM
133	I love it.	Jan 4, 2010 1:01 PM
134	All really go together as equals	Jan 4, 2010 1:06 PM
135	these are all about equal in our club--hard to rank	Jan 4, 2010 1:45 PM
136	Service above self should be main objective. Too many Rotarians do not participate in this.	Jan 4, 2010 1:59 PM
137	These overlap in several areas in my mind and make it difficult to rank	Jan 4, 2010 2:03 PM
138	This survey did not ask the tough questions what can rotary do for the members or the difficulties in Rotary. The problems with Rotary is that it does not foster information on the business relationships within the group. A good idea would have a broad range of questions that each group may have experience with and publish for the group to act as a go to business leader for another member to ask for help. (ie my wife went thru breast cancer and it would be good to know what to expect if another member is going thru the same problem)	Jan 4, 2010 2:03 PM
139	I think that the United States today versus when Rotary was founded has numerous opportunities for service, which was not the case years ago. How Rotary now distinguishes itself may be should be in the area of ethics since the business and professional community has lost its direction in this area.	Jan 4, 2010 2:10 PM
140	It's very difficult to prioritize these; they are all important and together constitute what is unique about Rotary.	Jan 4, 2010 2:15 PM
141	I cannot prioritize these objectives any more than I can rate one of the Four way questions over another.	Jan 4, 2010 2:19 PM
142	Rotary's success seems to come from individual, grassroots efforts by its member clubs. By succeeding as individual clubs Rotary as an organization succeeds.	Jan 4, 2010 2:19 PM
143	I do think we should focus more on intra county issues and needs, both locally and nationwide.	Jan 4, 2010 2:24 PM
144	Minimal differences among the choices given...could all be #1.	Jan 4, 2010 2:39 PM
145	While the global projects for Rotary are good there has not been any meaningful drop in need, poverty reduction, self sufficiency, population control, etc. In other words, although Rotary can show specific successful projects there seems to be real final change in the civilizations they enter. Also, we may be inadvertently propping up subversive leaders that are anti-american and anti-Christian. In some cases as soon as Rotary leaves the corruption returns. That is an interesting story I would like to hear more about. Money can be wasted in projects that have that kind of political environment. I think Rotary's giving people a fish prevents them from learning "how to fish."	Jan 4, 2010 2:43 PM

Please feel free to add additional comments regarding the Object of Rotary.		
146	Service as defined by Rotary's directors is often times directly associated with a "favored" cause of the directors and not necessarily the local members.	Jan 4, 2010 3:08 PM
147	We live in challenging times. Older, successful members of the Club who have already "made it" generally are in a better position financially and in terms of their free time available to pursue local and international mission activity. Younger members who are "climbing the ladder" in their profession and who have young families are not as free to engage in such pursuits. Rotary should recognize this reality and should be understanding if the younger members are not able to put in as much volunteer time and monetary giving.	Jan 4, 2010 3:14 PM
148	A key is enabling people to help themselves and to enable them to help others.	Jan 4, 2010 3:31 PM
149	It is a privilege and honor to be recognized as a Rotarian. I know this is a high honor because not everyone is chosen and I'm extremely humbled to be a servant of the people.	Jan 4, 2010 3:44 PM
150	As stated previously, I think this needs more emphasis in the District.	Jan 4, 2010 3:50 PM
151	I actually think they are all equally important.	Jan 4, 2010 3:54 PM
152	I would prefer to say they are of equal importance.	Jan 4, 2010 4:04 PM
153	I like that fact of giving internationally. But I think we need to extend a helping hand more on the local front.	Jan 4, 2010 4:17 PM
154	I have always been impressed with the First Object. It is uniquely honest about the formation of a group of business people and why they should spend the time and trouble to congregate.	Jan 4, 2010 4:26 PM
155	No. 4 - I see no evidence that increased international understanding increases goodwill and peace. The Islamic Jihadists understand us very well, many through being educated here and living here. This has not resulted in goodwill. The student exchange program is nice-as long as we stick with Europe and South America. Anyone ready for an exchange to Saudi Arabia?	Jan 4, 2010 4:49 PM
156	The first priority for most newcomers is to being to a group of civic leaders. Once a member, most engage in some of the service projects.	Jan 4, 2010 4:55 PM
157	The only reason I chose the fourth one as my fourth priority is because most of us are not able to see "hands on" experiences with the international programs but we can certainly impact the local goodwill instead.	Jan 4, 2010 4:58 PM
158	Hard to separate the above one over the other	Jan 4, 2010 5:23 PM
159	The first three are easier to accomplish, but I think all four objects should be given equal priority.	Jan 4, 2010 5:24 PM
160	They are all very important, and it is difficult to rank any one item as being much more or less important.	Jan 4, 2010 5:53 PM
161	Hard to prioritize .	Jan 4, 2010 6:34 PM
162	I am concerned that Rotary Intl. priorities have shifted to "UN style " global giving replacing personal Rotarian service. The shift makes all efforts(Peace Scholarships) become money giving politically tainted efforts instead of pure Service above Self.	Jan 4, 2010 6:56 PM
163	no comments	Jan 4, 2010 7:22 PM
164	Any Rotarian will say that all four choses are a FIRST priority	Jan 4, 2010 7:42 PM
165	But I think Rotary's emphasis (fund raising) is on #4.	Jan 4, 2010 8:00 PM
166	None.	Jan 4, 2010 8:25 PM

Please feel free to add additional comments regarding the Object of Rotary.		
167	our club needs to get more involved with the local community, we do award scholarships but they benefit only a few students. We should participate in additional community projects so that we may be able to help a greater number of people.	Jan 4, 2010 8:36 PM
168	It perfectly defines what we do.	Jan 4, 2010 8:39 PM
169	An objective should be assisting each other in busines growth, so that the ability to assist other exists.	Jan 4, 2010 8:43 PM
170	Service above self is our guiding theme. Our roles are to live by that code and instill that belief in others.	Jan 4, 2010 8:47 PM
171	like I say, the objects of Rotary cannot be ranked. They are all of equal importance.	Jan 4, 2010 8:49 PM
172	It is very difficult to prioritize the object of Rotary. To me, each object is of equal importance.	Jan 4, 2010 8:50 PM
173	The rankings speaks of my priority.	Jan 4, 2010 8:51 PM
174	This was a very difficult question. I wish there was a choice to say all are equally important. It is very difficult to put "ethics" behind anything.	Jan 4, 2010 9:02 PM
175	I do believe these are in this order for a reason - it makes sense and they build upon the others.	Jan 4, 2010 9:07 PM
176	I feel that it is not possible to assign a 2nd priority to the 2nd, 3rd and 4th Objects, they are each equally important	Jan 4, 2010 9:14 PM
177	Aforementioned says it all.	Jan 4, 2010 9:21 PM
178	It's all about the 4-Way Test. Rotary is the standard for high ethics.	Jan 4, 2010 9:24 PM
179	I could not improve the above standards	Jan 4, 2010 9:29 PM
180	"High ethical standards" is a highly subjective phrase and I would rather see it not used. Everyone who works together in service very quickly learns who will do what they say they will do, and we (almost always) learn quickly who is honest in their dealings with rich and poor alike.	Jan 4, 2010 9:31 PM
181	My choices for first and second priority might be reversed in stronger economic times.	Jan 4, 2010 9:32 PM
182	i am not aware of club efforts	Jan 4, 2010 9:46 PM
183	It is hard to categorize between local and international service, but in the end, I think you have to start with the local problems and never forsake them after you get involved internationally.	Jan 4, 2010 10:02 PM
184	i try to live by the 4 way test and am against rotarians who use the club as a farm for leads.	Jan 4, 2010 10:06 PM
185	All are important, difficult question	Jan 4, 2010 10:11 PM
186	Rotary's International committment is noble. When I try to understand how our club is viewed in our community, I would venture that not one person in a thousand here would be capable of citing the contribution that this club makes internationally. Asked, "What do the "Volunteers of Louisa" do, I would wager more than 70% would get it right. What does that say? That we have a PR problem? I dont think so, but our club officers do and have since I became a member. I believe this community values and responds to local people serviing local community needs. There is no shortage of un-met local needs.	Jan 4, 2010 10:12 PM
187	I would say that all are equally as important as the other. They all go hand in hand.	Jan 4, 2010 10:12 PM
188	The fourth is as relevant as the first... but you insist that I rank them.	Jan 4, 2010 10:22 PM
189	To help make the world a better place to live...and help create peace amongst men...by bringing together men and women with the same positive objective to serve...AS ROTARIAN'S	Jan 4, 2010 10:27 PM
190	In my opinion they can't be ranked ... all are 1st Priority!	Jan 4, 2010 10:41 PM

Please feel free to add additional comments regarding the Object of Rotary.		
191	Again, I've only been a member 7 months. Answered as good as possible.	Jan 4, 2010 10:43 PM
192	Please disregard the check marks. Lets be honest. These are mother hood and apple pie. Networking potential and the respect of the invitee are the biggest reasons to join. Then .. over time after being challenged to do something and agreeing with focus's of the club, folks may reflect on the above items .	Jan 4, 2010 10:59 PM
193	As stated above, we are a more locally oriented club, that is why I listed the International aspects last.	Jan 4, 2010 11:01 PM
194	that's difficult-they are all very important	Jan 4, 2010 11:07 PM
195	I feel the international access offers us a better understanding of the different cultures and challenges faced around the world.	Jan 4, 2010 11:11 PM
196	Need to modernise, rewrite and move on. Hopefully we are not now a collection of elderly white men who lunch together on a weekly basis.	Jan 4, 2010 11:19 PM
197	Would venture to estimate that a small percentage of current members have ever heard of the Object of Rotary.	Jan 4, 2010 11:30 PM
198	Too bad the folks inside the beltway do not have the four way test as a condition of employment.	Jan 4, 2010 11:49 PM
199	Inrtegrity first Service before self Excellence in all we do	Jan 4, 2010 11:50 PM
200	My choices are only choices, I personally view all as being just as important.	Jan 5, 2010 12:21 AM
201	Certainly with global corporate culture seen as corrupt, working to reintroduce high ethical standards in the corporate culture could be first on my list.	Jan 5, 2010 12:51 AM
202	It's hard to have one without the other as they all need to work together.	Jan 5, 2010 1:35 AM
203	In the past, choosing to be a Rotarian meant a lifetime commitment to service and to Rotary. That is no longer the message that is brought to the members.	Jan 5, 2010 1:46 AM
204	each of the Objects of Rotary is equally important. To rank one over the other diminishes the statement, its intent and purpose.	Jan 5, 2010 1:50 AM
205	The Object of Rotary WORKS! We must guard against any attempt to dilute it, just for the sake of increasing numbers. We would be better off to be smaller, leaner and active, than to be larger.	Jan 5, 2010 2:08 AM
206	Actually, these aren't any more important prioriees than any other...it's just the 4 items Rotarians live and serve by	Jan 5, 2010 2:17 AM
207	I think we could improve the application of the FOURTH object. Potentially it could move up in order if its relevance could be better communicated and applied at the local level.	Jan 5, 2010 3:05 AM
208	Could be reduced to two. (1) Acquaintanceship (2) Community and World Service	Jan 5, 2010 3:51 AM
209	Personal integrity was important to Paul Harris and is now sadly lacking worldwide. Rotary is both a model and a developer and enhancer of personal integrity demonstrated by service to others.	Jan 5, 2010 4:21 AM
210	Service above self is a great measuring tool in making decisions	Jan 5, 2010 5:55 AM
211	This is an incrdibly difficult question as each item is dependant on the other. I've only prioritized because of the question. The greatest appeal to me as a Rotarian with a few years of service is that we do not confine our service interests locally. We recognize that our opportunities for service are worldwide and can have an immense impact on the prospect for world peace and understanding. We do make a difference on perosn or family at a time.	Jan 5, 2010 11:53 AM

Please feel free to add additional comments regarding the Object of Rotary.		
212	The specifics of our objective cannot be prioritized. Each must be emphasized and met to give balance to each club and growth of the individual Rotarian as well as our organization.	Jan 5, 2010 1:03 PM
213	Support and encourage support for local, national and international positive goals that encourage better understanding and peace initiatives.	Jan 5, 2010 1:23 PM
214	I'm much more interested in the local aspect of Rotary. International understanding, goodwill, and peace is too "hippie" for me.	Jan 5, 2010 1:40 PM
215	I get the International understanding - I have lived abroad and twice hosted International Rotary students - however, we have many things in our own community to which we need to focus our attention - literacy, education, work ethics, hunger, poverty, and other related social issues.	Jan 5, 2010 1:46 PM
216	All worthwhile.	Jan 5, 2010 2:01 PM
217	It has stood the test of time well. We understand what we are committed to do and do it willingly. That encourages all members to participate.	Jan 5, 2010 2:04 PM
218	I don't believe one outweighs the other, therefore should be treated equal.	Jan 5, 2010 2:22 PM
219	I believe that the Object of Rotary is sometimes overlooked - there should be more emphasis on exploring its meaning and application	Jan 5, 2010 2:23 PM
220	The more quality time spent with folks of solid character makes us better than we were or would be on our own	Jan 5, 2010 2:35 PM
221	I know that Rotary has a wonderful international presence and gets recognition for the polio programs, wells, etc. but I often think it has been at the expense of truly developing the concept and influence of Rotary on the local level.	Jan 5, 2010 3:02 PM
222	I found this question a bit confusing.	Jan 5, 2010 3:06 PM
223	It is hard to rank these priorities, because they do not compete. They all must be in play to generate a successful outcome to seeking our goals.	Jan 5, 2010 3:09 PM
224	The last question reminds us of Rotary's purpose but it is somewhat of a nonsensical question since the 4 points should not be ranked -- they are different enough to be equally important and meaningful. I ranked them only to complete the questionnaire.	Jan 5, 2010 3:20 PM
225	Lets worry about what we can do in our own community first . Then U.S.A.,then the world!!	Jan 5, 2010 3:34 PM
226	Rotarians should always support and practice the "Four Way Test", in their profession or business which will set the example for others to follow, thus building and keeping membership.	Jan 5, 2010 3:36 PM
227	During these times of business scandals, political seedy deals and lack of business ethics I believe it is time to return to the high ethical standards professed by Rotary. Also, during these difficult financial times, the application of ideal service to help our fellow man is extremely important. Finally, the advancement of international good will is also critical during these times of international strife.	Jan 5, 2010 3:43 PM
228	All of these priorities are equal	Jan 5, 2010 3:46 PM
229	To me all 4 mixed together are really all first priority.	Jan 5, 2010 3:49 PM
230	Rotary, especially in these trying times, needs to be local, local, local --- because we can do great good. What we have done international, polio, et al, is wonderful --- but the challenge is to care for the poor person next door now.	Jan 5, 2010 3:51 PM
231	All are very important.	Jan 5, 2010 3:52 PM
232	In this day and age, I believe we should do all that we can to promote High Ethical Standards .	Jan 5, 2010 3:55 PM

Please feel free to add additional comments regarding the Object of Rotary.		
233	The objectives and 4 way test is why I stay in Rotary.	Jan 5, 2010 4:01 PM
234	This survey needs to be re-examined because i don't think these loaded questions/answers will help you arrive at your goal of growing membership and retaining current members.	Jan 5, 2010 4:10 PM
235	The young people coming into Rotary are not workers. It is also hard to get them to support any thing. They are just a Rotarian in name. We need to be more selective in whom we take in Rotary. We now just a mirror test..	Jan 5, 2010 4:15 PM
236	In reality- all of the above	Jan 5, 2010 4:47 PM
237	I disagree with ranking these...at any given time, each could be ranked first or last...	Jan 5, 2010 4:48 PM
238	Rotarians have the backing of the most powerful NGO in the world to accomplish many of the above. Our Rotary Foundation has assisted us in helping the less fortunate world wide. The object of Rotary combined with the 4 Way Test. If practiced and followed by Rotarians makes us unique.	Jan 5, 2010 5:27 PM
239	they are all equally important and none can take a back seat to any others	Jan 5, 2010 5:59 PM
240	with regards to Ethical standards, i feel the words "encourage and foster" are prehaps a little too passive.	Jan 5, 2010 6:18 PM
241	All these efforts done simultaneously for a synergistic effort would gain the most effective results.	Jan 5, 2010 6:22 PM
242	There is no single "priority" when it comes to the ideal of service. Each is equally important.	Jan 5, 2010 7:00 PM
243	I would prefer to mark each of the above #1. I believe they are all critical to the mission of Rotary.	Jan 5, 2010 7:11 PM
244	To have fun while fulfilling the Objects of Rotary	Jan 5, 2010 7:36 PM
245	I don't think one has more priority than another - they are all intertwined.	Jan 5, 2010 7:37 PM
246	I really don't view any as having more "priority" but more of a ladder that we move along as we come to know and understand Rotary better. Critical to doing all of this is active participation in club affairs and especially serving in club leadership positions. Service as President should include a thorough appreciation and "buy-in" to "the object."	Jan 5, 2010 8:11 PM
247	I am the Sergeant-at-Arms in our Rotary Club, and I quiz individual members on the Objects of Rotary; most members are unable to recite even one of them !	Jan 5, 2010 8:11 PM
248	follow the 4-way test in all that you do	Jan 5, 2010 8:51 PM
249	I believe that Rotary is about helping the Community and the people.	Jan 5, 2010 8:53 PM
250	Most of comments are already added previously.	Jan 5, 2010 9:06 PM
251	The order of the Object of Rotary speaks for itself. After over 100 years, I don't feel the order should change and is aproprate now as it was when it was first develeped.	Jan 5, 2010 10:00 PM
252	I would consider them all a priority	Jan 5, 2010 10:02 PM
253	Rotary should be a networking organization for business people as it was at it's conception. Rotary has drifted from that & is realy becoming more of we need money for this & money for that. Which is turning a lot of people now in Rotary away from Rotary.	Jan 5, 2010 10:04 PM
254	Service above self says it all.	Jan 5, 2010 10:06 PM
255	Pretty much equal weight to the four above...	Jan 5, 2010 10:16 PM
256	I don't think Rotary really addresses the second Object of Rotary. We never talk about ethics or business standards, although in theory an applicant might be rejected if he or she had questionable ethics. I have never seen it happen.	Jan 5, 2010 10:21 PM

Please feel free to add additional comments regarding the Object of Rotary.		
257	We need to understand, make others understand the meaning of International. As long as there are prejudices related to race, color and religion there will not be peace in the world. Keep the international right after Rotary and learn/know what it really means.	Jan 5, 2010 11:49 PM
258	Hard to list these in a certain order and at some points in time depending what is going on in the world the Advancement of internatiaonal understanding can and should take the fore front.	Jan 6, 2010 12:34 AM
259	All are important but since the survey calls for priorities I have listed them in this order.	Jan 6, 2010 12:43 AM
260	The questions of the 4-Way Test are the heart of Rotary. The answers are in the questions. It is a test that can be applied to any situation in life. Our belief in these ideals is also of the highest priority for membership.	Jan 6, 2010 1:41 AM
261	I have been a Rotarian for nearly 50 years because I get more than I give. I have been an Ambassadorial Scholar, a GSE team leader, a PDG, past president of two Rotary clubs, and active in all District committees for many years. Rotary offers me the world from my position in my city and state. Rotary has earned the Nobel Peace Prize--- which I hope some day it will receive.	Jan 6, 2010 4:15 AM
262	One could easily list all four as of equal priority; But it is impossible to be involved in a Rotary club without forming personal associations, and a person's personal ethical construct is less important than the recognition that the ideal of service and the reputation of Rotary as an organization can overcome personal deficiencies. As a global organization of such diversity that all people of good will are welcome, we Rotaians are the best hope for achieving international understanding and peace in this fractured world.	Jan 6, 2010 4:55 AM
263	The Four Way Test embodies this I think.	Jan 6, 2010 5:07 AM
264	Let's make this just one objective. "service to all"	Jan 6, 2010 11:20 AM
265	broader understanding by sharing of diversified opinions on issues	Jan 6, 2010 1:10 PM
266	could not express the goals of rotary any better myself.	Jan 6, 2010 3:09 PM
267	All are important. One, Two and Three must be accomplished to achieve the Forth. Likewise, One is a prerequisite to Two, etc. Can't get the cart before the horse.	Jan 6, 2010 3:53 PM
268	Since we verify prospective members as being of high ethical standards, it is last as we assume they already are.	Jan 6, 2010 4:15 PM
269	Inclusive - not exclusive. Open the door wider. Encourage more folks to participate and join.	Jan 6, 2010 4:48 PM
270	2 AND 3 HAVE SAME PRIORITY IN MY OPINION.	Jan 6, 2010 5:06 PM
271	I would rank Friendships and Fun # 3	Jan 6, 2010 5:36 PM
272	All four points are "on the front burner" in my feeling.	Jan 6, 2010 6:02 PM
273	qw	Jan 6, 2010 6:04 PM
274	A true Rotarian will find, if they have joined Rotary for the right reasons, that These are Truely Equal in Priority	Jan 6, 2010 8:17 PM
275	I would like to see a higher priority place on #4.	Jan 6, 2010 8:49 PM
276	To me, these are of equal priority.	Jan 6, 2010 9:24 PM
277	I think the items marked first and second are the backbone of any good Rotary club. Without good open fellowship, members do not stay. Any organization can offer, eat, burp and leave. Rotary must always promote fellowship or members will not keep on keeping on.	Jan 6, 2010 10:51 PM
278	I feel the objuect of Rotary is not effectively communicated to members.	Jan 7, 2010 12:49 AM

Please feel free to add additional comments regarding the Object of Rotary.		
279	All equally important. Selection is purely arbitrary	Jan 7, 2010 1:01 AM
280	I would tend to answer them all as a first priority, but not sure if this is what you desire.	Jan 7, 2010 1:11 AM
281	The longer I am in Rotary the more I have realized that the "first" item above is crucial and most important in our club. Being of service should be the foundation and driving force behind any Rotarians active membership. This service is possible on one's own, by yourself individually; however, when acquaintance is developed, a Rotarian, through senergy, becomes more abundantly capable of service. New avenues and venues are opened, new opportunities develop and a grander result is possible. We truely make each other stronger and more affective. We can change the world by ourselves, but it is easier and more rewarding to do so in the company of like minded Rotarians...this is legacy.	Jan 7, 2010 1:29 AM
282	I think that the 4-way test is very important as a quality of life. I would wish that we all live by "the test".	Jan 7, 2010 2:37 AM
283	The Four Way Test and The Object of Rotary are the "Backbone" or Principles behind Rotary's Greatness and Potential. I personally wish more clubs had and emphasized the Object of Rotary Banners. The Objectives of Rotary are Powerhouses.	Jan 7, 2010 3:04 AM
284	Networking should be a big part of the club.	Jan 7, 2010 5:12 AM
285	I do think these 4 objectives come as a package and are closely interconnected, rather than assigning a higher level of importance to one.	Jan 7, 2010 3:58 PM
286	I think The Object of Rotary offers the easiest path to opportunities for service than any service organization that I know of.	Jan 7, 2010 4:29 PM
287	It is not fair to ask any Rotarian to rank these. Although I have done this I truly believe that all rank the same.	Jan 7, 2010 4:49 PM
288	Rotary is an organization of substance and if everyone could live by its principles and objectives we would have a wonderful world to live in.	Jan 7, 2010 4:51 PM
289	Fellowship must come first and then we should try to put equal emphasis on the other 3 objects	Jan 7, 2010 5:45 PM
290	This was a hard one to sequence and only reflects my personal opinion. I like TRF because it uses some of my money internationally, something I would not think of on my own if I was not a Rotarian. But in this instance I feel international place fourth - only by degrees.	Jan 7, 2010 5:51 PM
291	service above self speaks for itself	Jan 7, 2010 6:44 PM
292	Option one is not too clear	Jan 7, 2010 7:25 PM
293	Live the Four Way Test	Jan 7, 2010 7:48 PM
294	2,3 & 4 ARE IMPORTANT	Jan 7, 2010 9:52 PM
295	It is a wonderful feeling to serve others, make a difference and feel that I have contributed in a positive way to the betterment of one person or one situation.	Jan 7, 2010 11:52 PM
296	To make use of powers of influential people to realize objectives by energy,learedship and influence that local, nationally and internationally aims using four-way principles	Jan 8, 2010 12:44 AM
297	This is a tough question. If you let me respond four times I'll change my answer every time. Would it make sense to say that all four work together and you really can't have one without the other three.	Jan 8, 2010 12:50 AM
298	I feel the priority is appropriate.	Jan 8, 2010 2:47 AM
299	Although I agree with the position of #4, I would like to see more attention given to the international aspect of Rotary.	Jan 8, 2010 1:40 PM

Please feel free to add additional comments regarding the Object of Rotary.		
300	Obviously, they are all important and we try to work on them simultaneously.	Jan 8, 2010 3:26 PM
301	The 4 items listed are a bit of motherhood and apple pie. I'm not sure I understand #1. The 4 way test is a simple way to approach Rotary, Is is the truth? Is it fair to all concerned? Will it build goodwill and better friendships? Will it be beneficial for all concerned?	Jan 8, 2010 7:38 PM
302	"Service, like charity, begins at home"	Jan 8, 2010 8:43 PM
303	Get businesss people from all feilds toghther for a common purpose	Jan 9, 2010 2:18 AM
304	Receive personal satisfaction in helping my fellow peers.	Jan 9, 2010 4:32 PM
305	These should all be first priority.	Jan 10, 2010 3:04 PM
306	Would you mind correcting the wording in the question above to remove the redununcy (the the)?	Jan 10, 2010 5:53 PM
307	Fourth priority is an admirable goal,but probably not a realistic one, given the amount of national efforts to achieve this goal with little success.	Jan 10, 2010 10:17 PM
308	Rotary cannot eliminate hunger from the world	Jan 11, 2010 12:24 AM
309	Service above self.	Jan 11, 2010 2:16 AM
310	Although I understand global needs, because the population of our own community is so underserved, I tend to focus more locally.	Jan 11, 2010 12:54 PM
311	I truly believe that Rotary may well be the World's best, even last, hope for World improvement of the human condition & World peace.	Jan 11, 2010 1:40 PM
312	Advancement of international understanding is of utmost importance, but is at a higher level of Rotary that properly develops after the basic ideal of service and acquaintance.	Jan 11, 2010 3:42 PM
313	I find it hard when high up members within the district protect someone who did not possess the ethical standards that I beleive a Rotarian should possess. The person broke the law and not many people know that and they are still working in their profession and Rotarians allowed that to continue...that is very sad to me.	Jan 11, 2010 3:43 PM
314	Another "Ridiculous" question that has little to no bearing on the practical application of improving existing membership and the recruitment of future Rotarians. This is exactly why the 20-40 something crowd will not embrace Rotary. We need to think outside of the box and stop using 19 century approaches to useless surveys and questionnaire's.	Jan 11, 2010 4:51 PM
315	Rotary will have membership challanges due to world economic concerns. Slow business,cost of belonging,begging for membership, people not being so very excited about being in Rotary as other clubs. Same ol' problem of membership in clubs in general. It is really a one on one project.	Jan 11, 2010 5:45 PM
316	Emphasis should be placed on the ideal that Rotary is about making a difference in the community and in the world while following high ethical standards. This is as opposed to being about an individual and new business opportunities that may result.	Jan 11, 2010 6:23 PM
317	I feel that my club is helping me add my small influence and dedication in each area.	Jan 11, 2010 10:05 PM
318	This question was a little confusing. It did not say to rank order the objectives, but the choices said "first" priority, etc.	Jan 11, 2010 11:37 PM
319	All equally important.	Jan 12, 2010 3:10 AM
320	"ranking" these is tough. All four are important.	Jan 12, 2010 2:37 PM

Please feel free to add additional comments regarding the Object of Rotary.		
321	to help membership we need to get back to local involment in our communitys. we have been a group that writes a check for overseas projects to make us feel good when there is much to be done locally	Jan 12, 2010 4:00 PM
322	The four way test and service above self are excellent rules to live by. Rotary encourages these ideals in many ways.	Jan 12, 2010 6:49 PM
323	High ethical business standards shoud probably come first. Some Rotarians are members because they think it will promote their own business, which is NOT the reason to join. It might happen, but that's a secondary result ... SERVICE to something larger than yourself is primary. If you do that well, your business or profession will do better. He who serves best, profits most.	Jan 12, 2010 7:03 PM
324	I do not believe that Rotary really accomplishes #4. We help the poor, but do not accomplish understanding or good will	Jan 12, 2010 7:09 PM
325	I am not sure that I agree completely with the construct of the four items above. I think the object of Rotary should be modified. Service is important, but I think that fellowship and business opportunities should be brought back to the forefront.	Jan 12, 2010 7:12 PM
326	I'm sorry but I'm not going to be much help on this one, either you 'buy in' and live it or you don't. If you 'get it' Rotary is GREAT, if you don't Rotary is still pretty good.	Jan 12, 2010 7:37 PM
327	All are important, I cannot decide	Jan 12, 2010 8:10 PM
328	We try to encourage and sponsor all incoming President's to attend the International Convention wherever that may be .	Jan 12, 2010 9:12 PM
329	Just as all politics are local, so all service is local. World fellowship is noble, but hollow.	Jan 12, 2010 10:13 PM
330	I find the Four-Way Test constantly at work in my personal and professional activities.	Jan 12, 2010 10:15 PM
331	To rate them is absurd. They are equal in different ways. Foolish question - leads me to believe a hidden agenda.	Jan 12, 2010 10:19 PM
332	On any givin day these things above may be arranged in a different order and not loose their importance!	Jan 12, 2010 10:32 PM
333	Service above self is not just a group of words. It is what this Rotary displays in the work done for the community.	Jan 12, 2010 11:06 PM
334	In my view, the most impactive and powerful aspect of Rotary is the "Four Way Test." If this were truly applied by each of us in our personal relationships, in business and in our activities worldwide there would be an absence of conflict! This is utopian!	Jan 12, 2010 11:38 PM
335	Actually, it should be: 1-A 1-B 1-C 1-D They are equal!!	Jan 13, 2010 12:08 AM
336	The oportunity to make a direct contribution to the welfare of others in the world. The eradication of Polio being the best example	Jan 13, 2010 2:44 AM
337	To be able to do business with someone you can trust	Jan 13, 2010 4:24 PM
338	These four are really facets of a single top-priority commitment to volunteering and serving	Jan 13, 2010 5:21 PM
339	To me, Rotary is a win-win proposition. I have found new and better personal and business connections that came through involvement in community service. I believe that maintaining a focus on recruiting current and future leaders and cooperating in service are key to maintaining the excellence of the organization.	Jan 13, 2010 6:30 PM

Please feel free to add additional comments regarding the Object of Rotary.		
340	The four items are very important. However, the 4- way test should be part of each one. At the end the local community is part of the international community. One cannot live without the other. Peace is the most important objective for the entire world: keeping the planet healthy, have clean and drinking water for every one, respect for others. Being a Rotarian allows each member to make a real and meaningful contribution. We are soldiers of the most important army of volunteers of good will to help the world to be a better place for ALL.	Jan 14, 2010 1:44 AM
341	Many do not get this focus, and as a president it is a privelege to try and bring the ideals forth.	Jan 14, 2010 3:27 AM
342	Service above self. The opportunity to travel globally and meet Rotarians worldwide.	Jan 14, 2010 7:08 PM
343	It is very difficult to prioritize these 4 items - they are equally important	Jan 16, 2010 4:14 AM
344	Object of Rotary needs to be updated to include simple, easily understood language	Jan 17, 2010 3:17 PM
345	I think all of these are equally important.	Jan 17, 2010 10:02 PM
346	It is hard to use all four priorities. More than one fall into the first and second priorities.	Jan 18, 2010 3:25 PM
347	AGAIN, THE ROTARY MOTTO IS FIRST AND FOLLOWED BY THE FOUR-WAY TEST.	Jan 19, 2010 2:23 PM
348	Taken together they sum up the objectiveds of Rotary.	Jan 19, 2010 3:13 PM
349	i have found that you get out of Rotary only what you put into it.	Jan 19, 2010 3:19 PM
350	International focus is excellent, but there's so much need for service at the local level that it's hard to shift focus unless there's a catastrophic event, such as the Haitian earthquake.	Jan 19, 2010 3:20 PM
351	Rotary needs to expand to include people of color. It feels like our local clubs are "all White, all the time".	Jan 19, 2010 3:25 PM
352	These are terribly difficult to say one is of higher priority. It is like asking a parent to prioritize their children.	Jan 19, 2010 3:39 PM
353	If world had 10 million or 100 million Rotarians, it would be well along the road towards a beeter world.	Jan 19, 2010 4:19 PM
354	the motto of service above self says it all & how we can help those that need the help the most.	Jan 19, 2010 5:22 PM
355	I'm not sure that "service" is emphasized in my club. I've yet to do a service project. We don't do enough at the club meeting to talk about upcoming projects, what and when, where to go. It's left up to individuals to seek out the organizer instead of making it easily known (like a flyer or something w/all details)	Jan 19, 2010 5:27 PM
356	Ehtics, Service and Understanding are a prerequisite before the development of acquaintance becomes an opportunity for service.	Jan 19, 2010 6:20 PM
357	Had this been a few years ago my answer would have been different.	Jan 19, 2010 6:26 PM
358	I think the high ethical standards are evident PRIOR to becoming a Rotarian and that is why the individual is asked to join	Jan 19, 2010 6:36 PM
359	They are all equally important to me. You asked me for an order and this one is the one I think about them.	Jan 19, 2010 6:41 PM
360	My Rotary club has a very strong institutional bias towards Southern Baptist comments, which makes me not bring people of other religious persuasions to the club.	Jan 19, 2010 6:50 PM
361	I'm not sure how you can distinguish among these catagories?	Jan 19, 2010 7:18 PM
362	Question is confusing and ambiguous.	Jan 19, 2010 7:30 PM
363	Everyone should be held accountable with respect to club members, directors and Rotary leaders.	Jan 19, 2010 7:31 PM
364	It was tough to try prioritize these four, as I see them as more like stand sof a common web	Jan 19, 2010 7:31 PM
365	Many now view ROTARY as an opportunity to further a personal agenda...Leaders are not always committed to community service and ethical standards int he conduct of their professional lives.	Jan 19, 2010 7:32 PM

366	The deprecation of attendance by Rotary international was had far reaching and deleterious effects on membership. How can you get to know someone who is seldom present?	Jan 19, 2010 7:32 PM
367	Peace in the world will only be achieved by the actions of Rotarians - that is my belief.	Jan 19, 2010 7:32 PM
368	High ethical standards enhance International Trade as a Rotarian. My company was in over 100 countries.	Jan 19, 2010 7:46 PM
369	When one recognizes and embraces the ideal of service, the acquaintance of other like-minded people affords an opportunity for greater service. High ethical standards in useful occupations accepted in Rotary advance recognition, trust, understanding, and acceptance of others. When all members are recognized as being equal and having goodwill toward others, international understanding becomes a reality in the club as well as in International spheres of conferences, projects, and visits. The Rotary ideal, motto, and application of goodwill can bring peace to many areas of the world when applied appropriately with some constructive project.	Jan 19, 2010 11:14 PM
370	Simply knowing the Four Way Test or similar concepts is not enough. One has to practise these principles in every day life and be the change one wants others to make. Through self-less service of others Rotarians distinguish themselves from many other social clubs. It is not just a social club, it is a service club.	Jan 20, 2010 1:14 AM
371	Rotary should bring a higher meaning through its membership to the community in out standing service first at home and then elsewhere.	Jan 20, 2010 1:15 AM
372	I think that being role models for younger people is an important objective.	Jan 20, 2010 1:39 AM
373	My late husband, a Rotarian for many years, made the 4-Way Test his guide for conducting business all those years. Before he made any decisions in business, he would always repeat that the 4-Way Test	Jan 20, 2010 1:50 AM
374	Personal relationships are inportant in any organization. Those relationships can develop into business and personal relations that are life long. It is not the number of toys you have when you die but the number of friends you have.	Jan 20, 2010 2:49 AM
375	Hard to prioritize.	Jan 20, 2010 3:15 AM
376	Personally I would list all of them as number 1 because they all are woven from the same fabric.CF	Jan 20, 2010 4:22 AM
377	I have been disappointed in the negative view of the US expressed in articles in the Rotary magazine. Particularly the interviews and articles which include liberal social views which disregard the progress that Rotary USA has inspired here and around the world.	Jan 20, 2010 1:42 PM
378	The development of Fellowship and/or friendship rather than just acquaintance as an oppportunity for service is my choice as the primary object of my Rotary membership.	Jan 20, 2010 8:06 PM
379	PROMOTE INTERNATIONAL EXCHANGE OF STUDENTS, CULTURE, EDUCATION, UPLIFT OF POOR & UNDERDEVELOPED COUNTRIES. ERADICATE POLIO & PREVENTABLE DISEASES. HELP DISASTER AFFECTED PLACES.	Jan 20, 2010 11:21 PM
380	While these are important, I disagree that the only purpose of a Rotary Club is to advance the object of Rotary as stated. Fellowship and business connections are also important although sceondary to the service components	Jan 21, 2010 8:25 PM
381	If the world operated using the 4-Way Test it would solve all problems.	Jan 22, 2010 8:28 PM
382	The above is equal in priority. A rotarian must be dedicated to all the objectives.	Jan 23, 2010 3:08 AM
383	Unfortunately, the fragile economy has limited the continuity of our club memberships. Too many members are here today, transfered tomorrow.	Jan 23, 2010 6:24 PM

Please feel free to add additional comments regarding the Object of Rotary.		
385	These are all priorities of rotary and of the rotarian to carry out the the goals of each Object or objective.	Jan 25, 2010 11:16 PM
386	Each object is as important as the next - none is more important than the rest. It is one reason why I remain a Rotarian.	Jan 26, 2010 5:22 PM
387	I believe creating an environment in the local club where all the members and potential members feel appreciated and needed is the foundation for building a good working club.	Jan 27, 2010 3:00 PM
388	This is the 4-way test in action. When accomplished and set as the center of ALL PROGRAMS, PLANS AND ACTIVITIES the priority is automatically followed and the goals are then met.	Jan 27, 2010 4:52 PM
389	In today's world I would like more people to know the work of Rotary and the non-partisan political position. With Haiti Relief needs Rotary never showed up on any list I saw. Shelter Boxes, medical supplies etc are able to be sent into disasters as we have member clubs in the area	Jan 27, 2010 9:00 PM
390	giving to the Foundation	Jan 27, 2010 9:38 PM
391	There must be a WIIFM - whats in it for me. The reward of personal growth, and self-satisfaction that you have made a difference in someone else's life.	Jan 28, 2010 11:23 AM
392	The second item might receive more attention for it is important. The other three are well served.	Jan 28, 2010 1:17 PM
393	Its near-Biblical language is hard for most people to resonate with. Suggest, perhaps, it be "modernized." For example, today, "acquaintance" = "networks". "the dignifying of each Rotarian's occupation as an opportunity to serve society" = "serving society through your job or business"	Jan 28, 2010 4:56 PM
394	I am not sure you can prioritize---these are all a part of the four-way test!	Jan 28, 2010 4:59 PM
395	It is difficult to prioritize these four items. They are all important.	Jan 28, 2010 5:10 PM
396	We have one or two members that do not meet these qualification.The adminsitration is more interested in numbers than quality !!	Jan 28, 2010 5:25 PM
397	While I have worked with Youth Exchange and Friendship Exchange, and enjoyed both, that still may be only 4th.	Jan 28, 2010 5:26 PM
398	we are best when we reach out to all	Jan 28, 2010 5:34 PM
399	I am proud of what Rotary as a whole does for the world, especially Youth Exchange. I would probably be happy in any Rotary club.	Jan 28, 2010 5:42 PM
400	This is hard to categorize. I think as a Rotarian, all of these should be a number one priority	Jan 28, 2010 6:42 PM
401	I don't think we do enough to overtly support the success of the businesses reresented in the Club. I do not even know exactly what some newer members do...really. We have gotten away from the original reason for meeting.	Jan 28, 2010 6:44 PM
402	All of these four tenets are intertwined together so it's hard to rank them separately!	Jan 28, 2010 6:50 PM
403	all four of these should be ranked equally as first	Jan 28, 2010 6:58 PM
404	This one was tough. They really should all be first.	Jan 28, 2010 7:30 PM
405	I don't think you'll find a very high percentage of members in any club that really feel united with other clubs. Yes, they have the same rules and moral compasses but there isn't much teamwork outside the club. There is much teamwork vertically in the organization but not much horizontally. Therefore, not much unity with other clubs.	Jan 28, 2010 8:19 PM
406	I think it would be good for our club to have more presentations about real life examples of the above items.	Jan 28, 2010 9:35 PM
407	Do not feel qualified to answer based on length of membership.	Jan 28, 2010 10:20 PM

408	Before I join ROTARY I was in a SERTOMA Club for 20 yrs and served in all of the Offices of my club BUT I think Rotary does more for all Concerned -	Jan 29, 2010 12:12 AM
409	The Object of Rotary is an ethical teaching which may be two generations out-of-date. It may be out-of-date, but must be reinstated in the minds of adults. The place to start that process is in the minds of children. Young men and women need early accession into Rotary involvement. Rotary has the venue, but is missing the target.	Jan 29, 2010 1:03 AM
410	These are all top priorities to me, and to rank them seems to diminish the value of all but the one ranked 'first'.	Jan 29, 2010 2:56 AM
411	This is a difficult thing to prioritize....all are important	Jan 29, 2010 2:58 PM
412	This ranking is not truly fair. All four are of equal priority.	Jan 29, 2010 4:20 PM
413	I have been involved in international development my whole career and therefore have my professional connections outside of Rotary. I therefore look to Rotary for more local community service.	Jan 29, 2010 11:08 PM
414	<p>Try to imagine the first, third and fourth above without the second. It is the second which makes the other three possible. Service does not begin with "good works." It begins with a certain attitude towards your fellow human beings. And that attitude comes from your character, who you are.</p> <p>Then comes the first above. Through acquaintance with others, your "service attitude" finds both its individual service opportunity and its opportunity to work with others who have a service attitude to achieve more than can be achieved by serving alone.</p> <p>The third and fourth above follow naturally from the first above which, in turn, rests upon the second.</p>	Jan 30, 2010 5:27 AM
415	These were hard to prioritize because all four are key points and benefits of Rotary.	Jan 30, 2010 1:46 PM
416	Without ethics there is no selflessness and true service.	Jan 30, 2010 3:08 PM
417	We need to balance the needs of our local communities with those of the world. It feels that we can easily assume all US citizens are better off than those overseas, placing our clubs in a position of ignoring very compelling local needs. Solving more problems at home could actually provide a broader base for supporting help overseas, failing to balance these priorities might eventually withdraw support for local rotary clubs..	Jan 30, 2010 3:56 PM
418	There is no other priority. Each is first and foremost each being equally important.	Jan 30, 2010 5:50 PM
419	These priorities are so closely related that it is hard to set priorities.	Jan 31, 2010 7:10 AM
420	I think that the four avenues are all important and none set ahead of the other.	Jan 31, 2010 11:55 PM
