

Is the team either learning or providing training in one of the six areas of focus?

NO

District grants do not restrict teams to the six areas of focus.

You should apply for a district grant

YES

Global grants support vocational training teams operating within a themed field of study within at least one of the six areas of focus. Participants may have different vocations, but their vocational goals should be linked to the designated area of focus.

Is the total budget for the exchange team at least US\$30,000?

NO

District grants have no minimum budget requirement, and administrative support for these exchanges is carried out primarily at the district level.

You should apply for a district grant

YES

Global grant sponsors must request at least \$15,000 in matched World Funds, for a minimum grant amount of \$30,000.

Will the team be partnering with another pilot district?

NO

District grants may be used to sponsor exchanges between pilot and nonpilot districts.

You should apply for a district grant

YES

Global grant vocational training teams must carry out their training activities in a pilot district. Pilot districts are not limited to a maximum number of teams per year.
